

The “7” Deadly Slicer DON'TS

- 1 DON'T operate the slicer with the blade guard removed
- 2 DON'T push the food into the blade with your hand
- 3 DON'T attempt to slice pieces that are too small for the pusher
- 4 DON'T clean the slicer with the power cord plugged in
- 5 DON'T clean the slicer with the blade running
- 6 DON'T take your eyes off the slicer while using it
- 7 DON'T leave the slicer thickness knob on anything more than ZERO when not in use
